aaronjackcreative@gmail.com

I'm a Python developer specialising in web based software, currently looking for an opportunity to utilise my skills in an inspiring environment. I like to constantly push myself to learn new things while staying focused on taking projects out of development and into the hands of users. I enjoy sharing my knowledge and I'm an effective verbal and written communicator.

Skills:

Python, Django, Flask, HTML, CSS, MySQL

Recent Experience

Jan 2016 – Present, Freelance Developer

Full stack development of Python / Django web app for a leading Education Coaching company allowing schools to assess the performance of their staff and highlight improvement areas.

Features:
